Guided Walk in West Pembrokeshire

Whitesands to St Davids Cathedral

Spectacular guided walk, followed by a delicious Welsh lunch & gin tasting.

You will be guided along the most dramatic coastline, with stunning scenery, steep rugged cliffs, clear waters, and golden sandy beaches.

The beautiful area of St Davids Peninsula is forged from fishing and farming, as shown by the small coastal settlements, Neolithic cromlechs and Iron Age promontory forts.

St David himself arrived here to build the impressive cathedral and started the early Celtic Saints.
